

As Marijuana Access Grows, Concerns Over Unintended Pediatric Exposures

Initial studies suggest that pediatric exposures are up, but adverse effects are low

- Yellow: Medicinal use of marijuana legalized
- Dark blue: Medicinal use of cannabidiol (only) legalized
- Green: Medicinal use of cannabidiol legalized and legislation pending to allow medicinal use of marijuana
- Red: Legislation pending to allow the medicinal use of marijuana
- Grey with diagonal lines: Legislation pending to allow the medicinal use of cannabidiol
